The Enforcer Safe by Original is the home safe you've been waiting for. Designed by high security safe engineers, it has been equipped with protection features like no other safe in its class.

Every Enforcer safe is lined with the powerful fire resistant and eco-friendly material Perlite, which is proven to withstand intense heat while insulating cooler temperatures.

The Enforcer's futuristic appearance is innovative in design, and its ease of use will leave owners comfortable and confident. With a range of six different sizes, there is an Enforcer safe for most storage needs and budgets, and if something larger is requested, Original Safe and Vault Inc. can create it.

A safe far ahead of its time, the Enforcer by Original is the highest quality economical safe available.
